

Compost Bins and Accessories for RecycleMore/West Contra Costa County Residents and Businesses

Compost Bins

To encourage composting, RecycleMore/West Contra Costa County is offering a discount of \$40.00 towards the purchase of a Soilsaver Compost Bin, a Wriggly Wranch Worm compost bin, or a Compost Tumbler. By composting at home, you can reduce your garbage and create healthy soil for your plants. Home composting takes little time, space and effort. Compost returns nutrients to the soil, such as phosphorus, potassium, nitrogen, and many trace minerals, which are slowly released and contribute to healthy plant growth. Compost is a natural fertilizer.

RecycleMore has teamed up with Triformis Corporation to offer discounted composting products to the residents of West Contra Costa County (El Cerrito, Richmond, Pinole, Hercules, San Pablo) and also unincorporated County cities (Bayview, El Sobrante, Tara Hills, Montalvin Manor, North Richmond, Rollingwood and East Richmond Heights). Residents, schools and businesses within the RecycleMore service area can purchase discounted compost bins. Two bin limit per address. Please allow 2-6 weeks for delivery.
